ARTICLE 13 – CLASS SIZE

Section 13.1: CLASS SIZE REDUCTION GOALS

The Board of Education and the Association agree that reduction of class size is a primary continuing goal of the District within the constraints of: (1) financing available, (2) the need to meet all essential goals of school district operations, and (3) the relative priority of class size, salaries, hours, and other conditions of employment within the scope of representation. The Parties share a joint commitment to the goal of lowering class size throughout the District, at every level, and agree to work together whenever possible to identify and obtain sources of funding for such purposes.

Section 13.2: ELEMENTARY

13.2.1. Staffing of regular classes at each elementary school will be determined by the following formula:

TK - Grade 3 enrollments

24.00 = Number of primary grade teachers
(rounded to nearest tenth)

Grade 4 - 6 enrollments

32.13 = Number of upper grade teachers
(rounded to nearest tenth)

The sum of these two figures will be the number of teachers allocated to a school. When the sum is two-tenths (.2) or more above the whole number, another teacher may be allocated.

The District reserves the right to modify, amend, delete, or add to its proposals throughout the course of the negotiations. Language written in italics is intent language and will not be included in contract language.

- 13.2.2. The District and the Association agree that this Article constitutes a “collectively bargained alternative class size enrollment for each school site” in grades TK through 3, inclusive, in accordance with Education Code 42238.02(d)(3)(B), effective July 1, 2014.
- 13.2.3. Effective July 1, 2015, for the TK through Grade 3 grade span, within seven (7) weeks from the start of the school year, average class size enrollment at each school site shall be no more than twenty-four (24). Enrollment changes occurring after the seventh week that may impact a school site average will be reviewed monthly and remedied.
- 13.2.4. The District and the Association acknowledge that as a condition of receiving the additional funding grant for TK-3 class size reduction under the Local Control Funding Formula (LCFF) the District is required to make defined progress toward maintaining an average class size enrollment of not more than twenty-four (24) pupils for each school site in TK/K and grades 1 through 3, inclusive, upon full implementation of LCFF (currently 2020). Through this agreement the District has committed, in Section 13.2.3, to an average class size enrollment at each school site of no more than twenty four (24) by the end of the seventh week of each school year. In the event the annual audit process or any other review process puts the District’s receipt of LCFF grade span adjustment funding at risk, the District and the Association intend to ensure the receipt of this funding through the application of Section 13.2.2 for that school year.
- 13.2.5. Commencing with the 2016-2017 school year, grades TK-6 classes shall not exceed thirty-five (35) pupils for more than thirty (30) calendar days.

Section 13.3: SECONDARY

13.3.1. Middle School or Junior High	Senior High
$\frac{\text{Enrollment} + 2 \text{ CPU}}{28.73}$	$\frac{\text{Enrollment} + 2 \text{ CPU}}{29.13}$

Classes in music, business education, and physical education may exceed the average size established for other classes.
- 13.3.4. Secondary schools having counselor(s) assigned to pupil supervision one (1) hour or more per day on a regular basis shall not count such time as part of the counseling time under the District's formula for allocating counselors.
- 13.3.5. ~~Following the second school month of the traditional school year, the Contract Administration Committee shall be provided with a monthly report of all academic classes exceeding forty (40) students.
