Education Historian Diane Ravitch to Meet with San Diego Educators

SDEA is proud to announce that [Diane Ravitch](#), the most vocal and credible advocate against high-stakes testing and phony “reform” movements, will be joining educators for an evening discussion on the need to push back against the special interests attempting to destroy public education. Ravitch is an education historian and a research professor of education at New York University. As the assistant secretary of education under President George H.W. Bush, Ravitch brings decades worth of knowledge and expertise on what schools really need in order to succeed.

The event takes place Monday, April 15 at 5 p.m. at Kearny High School, and is open to all SDEA members. Please help get the word out to any educators at your site who may be interested in attending this special event.

This meeting is a good opportunity to share our stories of how students and education have suffered after years of budget cuts and to discuss the importance of rebuilding our schools now that Proposition 30 has passed.

Spring Run-off Election Postponed

In an earlier email we stated that due to incorrect ballots being mailed out for 2013 Spring Runoff the election had been cancelled. The election has not been cancelled, but **postponed** by the SDEA Elections Committee. This is due to a printing and mail house error. The Elections Committee will publish a new timeline and conduct the runoff in the coming weeks. Thank you for your understanding in this matter.
